REGULATIONS RELATING TO THE SALE AND OWNERSHIP OF CEMETERY LOTS

1. Burial rights shall be permitted in Most Precious Blood Cemetery for all the Catholic faithful departed, catechumen and others in accordance with canon law and as set forth in diocesan cemetery regulations and guidelines.
2. Anyone wishing to purchase burial rights in Most Precious Blood Cemetery shall contact the parish office, which in turn, will contact the sexton who is in charge of selling burial rights.
3. Most Precious Blood Cemetery does not sell physical property. The purchaser does not take ownership of the land on which the lot(s) are located, but rather the purchaser becomes a holder of burial right(s) in that space.
4. All monies shall be made to Most Precious Blood Cemetery. The monies will be credited to the specific cemetery accounts, and a receipt will be given to the purchaser, with a certificate of easement, which is a document that confirms the right(s) of burial. No burial will be permitted until the purchase price of the lot is paid to Most Precious Blood Cemetery.
5. No person shall have burial rights in any space or lot unless his/her name appears on the cemetery records for that space. A burial rights owner may designate a space to another party (family or otherwise), but this is not a transfer of burial rights ownership.
6. Upon the death of the holder of rights on a given space or lot, direct legal heirs should assure that the cemetery records show the proof of transfer of burial rights. According to Wisconsin State Statutes 157.10 when the original owner(s) of a burial space(s) or lot die and is/are buried there, any remaining burial spaces (burial rights) pass equally to all direct heirs. No burials or designations/assignments for future use of the remaining burial rights may be made without the written permission of all heirs; or if all heirs have agreed to transfer ownership to a single heir. Only one remains will be allowed in a vault except in a case of a mother and infant. Two burials are allowed in one space provided one is a cremation.
7. All burial rights shall include perpetual care (amount to be determined by Most Precious Blood Cemetery committee). This care shall include cutting of grass at reasonable intervals, raking and cleaning of lot, pruning and care of shrubs and trees, and such other work necessary to keep the lot in good condition as circumstances permit. A space or spaces cannot be sold without a complete burial right(s) (perpetual care included).
8. If Purchaser desires to transfer rights to space(s) back to the Cemetery, the Cemetery may purchase the space at a price not more than 70% of the original purchase price. The burial rights may also be donated back to the cemetery.
